

Terms and conditions

FOR STARTUPS

- The details of the students (along with their resume) registered for any particular company will be directly mailed to the concerned authority from that organization on a daily basis.
- The concerned person has to reply back to the StartIn Coordinator within a week confirming acceptance/rejection of the registered candidates.
- Once the student details are transferred to the company, the selection procedure depends on the way company wants it to be keeping the StartIn coordinator in the loop.
- If any registered student is found suitable for the internship profile, the company must inform the StartIn Coordinator and send the offer letter to the StartIn Coordinator (*No offer letter should be sent directly to students).
- After the acceptance of internship offer, Entrepreneurship cell, IIT Kharagpur shall not be responsible for the performance of the intern during the internship period.

FOR STUDENTS

- The student is expected to submit details [contact,Resume,etc] that is trustworthy and genuine.
- Once a student has accepted an internship from a particular company through Startin,he/she cannot apply for any other company.
- Any breach of rules in the process will result in blacklisting of the student from Startin.
- Students applying through StartIn would be not be allowed to approach the startups outside the portal, if found otherwise, the registered candidate would be breached from the portal.
